***An Advocate can help and support
you to be fully involved in decisions
that effect YOU***

***Do you want to have a say about
what happens to you?***

Are you struggling to stay involved in
decisions about your health & wellbeing
or about where you live?

***Or maybe you know someone else who
needs support?***

Health & Social Care processes can be
complicated - some of us need a bit of
help to make sure our views are heard

***Advocates ensure people are involved in
decisions about them***

Some people have a legal right to an
advocate e.g. if they are detained under the
Mental Health Act or have substantial difficulty
engaging in social care processes
