

The Way Forward for Health and Care – progress, plans and priorities

Helen Kenyon, Deputy Chief Executive

Lisa Hilder, Assistant Director for Strategic Planning

Our Commissioning Approach – a reminder

Our Commissioning approach is how we plan to develop future advice, support and care services to help local people to:

- **have a good quality of life**
- **recover from periods of ill health as close to home as possible**
- **make healthier choices**
- **stay active, engaged and independent for as long as they can**

We also want to support local communities to do more for themselves and for each other

Strategic Commissioning Intentions:

Within
locality –
out of
hospital

Within
locality – in
hospital

Within
hospital –
within an
hour

In hospital
> 1 hour

Default position is use of technology to enable non face to face consultations and professional advice, where appropriate – video conferencing/telehealth etc.

Progress – what we told you about before

- Working with the Council on the Union – our enhanced partnership – already coming together on further joint projects
- Developing Social Prescribing – procurement has completed and the service will be up and running very soon
- Developing the Accountable Care Partnership – closer collaborative working between providers to improve care and work more effectively

Progress – what we told you about before(2)

- The Child and Adolescent Mental Health Service has been re-procured
- Adult Social Care developments – changes to domiciliary care, support to care homes, discharge planning
- Managing Winter demands
- Working to make changes in Primary Care, delivering more care for long term conditions
- Operating a Cardiology service in the community

COMMISSIONING INTENTIONS – Community based work:

Within
locality – out
of hospital

- Reviewing and renewing our carers services – building on a firm foundation to ensure carers continue to be supported effectively
- Delivering a brand new Social Prescribing service
- Reviewing and refreshing our provision for Telecare support at home
- Review the use of the Disabled Facilities grant to ensure best possible outcomes for service users and best value for money

Default position is use of technology to enable non face to face consultations and professional advice, where appropriate – video conferencing/telehealth etc.

COMMISSIONING INTENTIONS – Community based work:

Within
locality – out
of hospital

- Starting work on second site for ExtraCare Housing
- Continue to develop team based approach for domiciliary care
- Continue to develop community based solutions for care in relation to Long Term conditions
- Continue to work with Primary Care to deliver Extended Access by October 2018
- Continue to work with the Voluntary and Community Sector on keeping people well and preventing ill health

Default position is use of technology to enable non face to face consultations and professional advice, where appropriate – video conferencing/telehealth etc.

COMMISSIONING INTENTIONS – local hospital services:

Within locality
– in hospital

- Continuing work to improve Ophthalmology services
- Continuing to develop services for Urgent Care, including an Urgent Treatment Centre
- Working to meet the requirements of Better Births
- Continuing to work to deliver all national cancer targets

Default position is use of technology to enable non face to face consultations and professional advice, where appropriate – video conferencing/telehealth etc.

Humber Acute Services Review

Within
locality – in
hospital

Within
hospital –
within an
hour

In hospital
> 1 hour

- Phased approach to looking at hospital services across the Humber
- The review will focus on hospital services rather than hospital buildings and organisations
- Starting with “fragile” services which have undergone temporary changes – ENT, Urology, Haematology
- Moving on to looking at other services including Urgent care and Maternity

Default position is use of technology to enable non face to face consultations and professional advice, where appropriate – video conferencing/telehealth etc.

Enabling work which supports all of our strategic commissioning intentions

- Continuing to get the best out of the opportunity to work more closely with the Council
- Continue to work with local providers to shape and develop the Accountable Care Partnership

Priorities

- Working with providers on Quality
- Maintaining a balanced financial position
- Focussing on North East Lincolnshire as a “Place” by integrating our commissioning approach as much as possible with the Local Authority
- Supporting and developing Primary Care
- Shaping services to meet 21st century needs, including best use of technology
- Delivering the NHS Five Year Forward View

Any Questions?
